

## **Additional Identity Verification Process & Customer Awareness for Mobile Porting & SIM Swaps**

### **1.0 Background**

In April 2020 the Australian Communications and Media Authority introduced a new Standard under subsection 125AA(1) of the Telecommunications Act 1997. This was the *'Telecommunications (Mobile Number Pre-Porting Additional Identity Verification) Industry Standard 2020'*. It was introduced to prevent the un-authorized porting of mobile service numbers.

### **1.1 What this means to you**

If you wish to port a mobile service number to Tangerine Telecom, Tangerine Telecom and its representatives will take the necessary steps to ensure that your identification is checked in accordance with the *'Telecommunications (Mobile Number Pre-Porting Additional Identity Verification) Industry Standard 2020'*.

This additional identity check is undertaken to protect customers from unauthorised ports and will verify the identity of the person making the porting request prior to the mobile service number being ported.

### **1.2 Additional Pre-Porting Identity Verification Requirements**

Our team will ensure that the person requesting the mobile service number port has direct and immediate access to the mobile service number that they wish to port. This will be done using one of the following methods:

- 1) A callback to the mobile service number will be undertaken by our team prior to submittal of a port. This allows the identify the person requesting the port to be confirmed as the rights of use holder or an authorised representative of the customer.
- 2) A unique verification code will be sent to the mobile service number and this will need to be verified by the person requesting the port either over the phone or via our website.

If neither of the above steps are fulfilled, we will not proceed with the porting of the mobile service number.

In the event of trying to port to Tangerine Telecom and a mobile service number is not available (ie. lost or stolen mobile handset), we recommend speaking to your current (losing) mobile service provider to obtain a replacement SIM card prior to porting to us. After receipt of replacement SIM card the above steps can then be undertaken to meet the pre-porting identity verification requirements.

### **1.3 Additional Identity Verification Requirements for SIM Swaps**

If you already have your mobile service number with Tangerine Telecom and require a SIM swap (ie. lost or stolen handset) we will undertake an identity verification. This will be done in accordance

with the *Telecommunications (Mobile Number Pre-Porting Additional Identity Verification) Industry Standard 2020* legislation to confirm that the requesting person is the rights of use holder of the mobile service number. We will use one of the following methods of verification:

- a) The rights of use holder must produce documentation, in person to our office for verification and sighting purposes. The legislation outlines the documents that are permitted for this verification process and these are detailed in Table 1 and Table 2. 2 category A documents or 1 category A document and 2 category B documents are required to identify the rights of use holder.
- b) Using government online verification service Equifax. In this instance you will need to provide us the identifying number of at least two unique government documents as detailed in Table 3.

#### 1.4 Identification in Person

If you need to supply documentation in person in events outlined in section 1.3, A our office address and opening times are details below:

Level 6. 132 Albert Road  
South Melbourne, VIC, 3205  
8.30am – 5pm Monday to Fridays.

#### 1.5 What to do if your number has been ported without your knowledge

In the event that you suspect your mobile service number has been fraudulently ported you should immediately report the activity to the Australia Federal Police or relevant State or Territory Police.

We recommend taking immediate steps to protect your identity, bank accounts and other assets that may be accessible through your mobile number.

In addition, the following government support agencies offer advice and support in these matters:

##### Scamwatch

<https://www.scamwatch.gov.au>

##### ID Care

<https://www.idcare.org/>

1800 595 160

#### 1.6 Complaints Handling

If you are unhappy with a product or service that you have with us, or are unhappy with the process described in this document we urge you to follow our complaints handling process. A copy of this can be found on the Policies page of our website: <https://www.tangerinetelecom.com.au/policies>

**Table 1.0 – Category A documents for verification in events outlined in 1.3, A.**

Item	Description of document
